KBS Constructors and Racing Legend Richard Petty Raise \$25,000 for Victory Junction Camp in Kansas City

Shawnee, Kan. (October 13, 2010)- Bolstered by the appearance of NASCAR legend Richard “The King” Petty and live paintings by noted artist Michael Potts, the second annual KBS Constructors Ultimate Tailgate Party at The American Royal raised \$25,655 to benefit Victory Junction Camp. The facility, being built in Kansas City, KS, is a specially designed camping experience for children who have chronic illness or serious diseases.

“The mission of Victory Junction camp is to provide life-changing, empowering experiences for children who are facing some tough challenges. We are eager to bring a new camp to Kansas City, and we’re truly appreciative of the support and enthusiasm for the camp,” said John McKee, Victory Junction president.

“The generosity of the people and companies of Kansas City and Topeka for Victory Junction has been tremendous,” said Dan Foltz, president of KBS Constructors. “When we announced that KBS Constructors would build the Body Shop medical facility at no charge to Victory Junction, we were immediately supported by companies like Mark One Electric and Design Surveys and many others, who have been very generous in their support of Victory Junction and its mission.”

More than 4,000 people attended the event, which showcased a variety of NASCAR and Kansas City greats. Guests had the opportunity to meet NASCAR legend Richard Petty; Pattie Petty, wife of Kyle Petty and cofounder of Victory Junction; former Kansas City Chiefs players; the Nigro Brothers Auctioneer Team; Michael Potts, nationally known live exhibit painter; and country rock group ROBE.

Proceeds specifically are supporting the Body Shop, which is an integral part of Victory Junction Camp in Kansas City, Kan. This is a medically advanced, state-of-the-art facility that provides necessary medical services for children during their stay. The Body Shop is being built free of charge by KBS Constructors, Inc., specialists in Critical Environment Construction.

Victory Junction is a camp founded by NASCAR legend Kyle Petty and wife Pattie in memory of their son, Adam, whose dream was to create a camp where chronically ill children, ages 6-16, can enjoy camping experiences in a safe and medically-sound environment, at no cost to them or their families. To learn more about Victory Junction, please visit www.VictoryJunction.org.

About KBS Constructors

KBS Constructors is a midwest based commercial construction company with offices in Shawnee and Topeka, Kansas. Known as leaders in Critical Environment Construction, KBS specializes in projects where highly sensitive or technical challenges exist. KBS has dedicated their expertise to building The Body Shop at Victory Junction Camp Midwest, here in Kansas City, Kansas. The Body Shop is the camp's key medical facility, a hospital disguised as a camp.

About Victory Junction

Victory Junction is a year-round camp that enriches the lives of children with chronic medical conditions by providing life-changing camping experiences that are exciting and empowering in a safe and medically sound environment. The idea for the camp came from Adam Petty, who was a teenage stock car driver and son of Nascar veteran Kyle Petty. The camp's first location is in Randleman, North Carolina. A second location is being built here in Kansas City, Kansas. Facilities at the camp include a swimming pool, a recreational game room, a computer lab, an outdoor recreational area, and a medical clinic, referred to as The Body Shop.
